Thanks, always interesting to see how they edit news pieces. I'm sure you'll come off fine. Appreciate your handling!

Hi, Rich.

I just completed the interview with Ed. He did ask a question about the length of time it takes to complete cleanup and the associated stigma. I think I handled that pretty well, though I mangled a couple other questions (I don't think I misspoke, I just wasn't very articulate). And I missed my opportunity to put in a plug for redevelopment (darn!). It will be interesting to hear what he includes, if anything.

Thanks for your help with this!
Cynthia

Hi Cynthia—would you be willing to contact Ed O'Brien at MTPR for a quick radio interview on the intent to propose CFAC? I think he just wants a taped sound bite but we can talk about the types of Qs he might ask prior to your calling him. He's at 406-243-4065.

Subject: Draft NPL Proposal Press Release

Hey Cynthia and Rich –

I've attached a draft press release for the Columbia Falls Aluminum Proposal. Feel free to review and edit as you see fit. I'm returning Wednesday 3/11 and can pick it back up then. As I said the other day, I'd like to get this to the State towards the middle/end of next week so they can review it in the event they want to have a similar release at the appropriate time.

Thanks,
Rob
